BILLING CODE 4120-21-M

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 18

[ET Docket No. 91-313, DA 98-1808]

International Standards for ISM Equipment

AGENCY: Federal Communications Commission.

ACTION: Proposed rule; termination.

SUMMARY: This action terminates the "International Standards for ISM Equipment" proceeding. The Commission initiated this proceeding to solicit information from interested parties to assist the Commission in shaping its position on international standards to control radio noise generated by Industrial, Scientific, and Medical (ISM) equipment.

EFFECTIVE DATE: September 22, 1998.

FOR FURTHER INFORMATION CONTACT: Nancy J. Walls, Office of Engineering and Technology, (202) 418-2454.

SUPPLEMENTARY INFORMATION: In ET Docket 91-313, DA 98-1808, the Commission adopted and released an Order on September 15, 1998, terminating this proceeding. The full text of this Commission decision is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street, N.W., Washington, D.C., and also may be purchased from the Commission's duplication contractor,

International Transcription Service, (202) 857-3800, 1231 20th Street, N.W. Washington, D.C. 20036.

Summary of the Order

1. On October 22, 1991, the Commission issued a *Notice of Inquiry* ("NOI"), 56 FR 58863, (November 22, 1991), 6 FCC Rcd 6501 (1991), to solicit information from interested parties to assist the Commission in shaping its position on international standards to control radio noise generated by Industrial, Scientific, and Medical (ISM) equipment. We also sought information about the desirability and feasibility of harmonizing part 18 of the FCC rules with the international standards for ISM equipment.

2. Comments received in response to the NOI overwhelmingly opposed any changes to the ISM rules. We do not contemplate any general changes to the ISM rules at this time. Therefore, we are terminating this proceeding. Specific issues concerning the ISM rules are being addressed in separate proceedings.

3. Accordingly, it is ordered, that this proceeding, ET Docket No. 91-313, is terminated. This action is taken pursuant to authority in sections 4(i), 302 and 303 of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 302, 303; and pursuant to §§ 0.31 and 0.241 of the Commission's Rules, 47 CFR 0.31, 0.241.

List of Subjects in 47 CFR Part 18

Medical devices, Scientific equipment.

Federal Communications Commission.

BILLING CODE 6712-01-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

50 CFR Part 17

RIN 1018-AE43

Endangered and Threatened Wildlife and Plants; Proposed Determination of Threatened Status for the Koala

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule and notice of petition finding.

SUMMARY: The Service proposes to determine threatened status for the Australian koala. The eucalyptus forest and woodland ecosystem, on which this arboreal marsupial depends, has been reduced by more than half and is continuing to deteriorate. The species also is threatened by habitat fragmentation and consequent potential loss of genetic viability, disease, and various other factors. The Service seeks relevant data and comments from the public. This proposal incorporates a finding that a petition requesting the listing of the koala is warranted. This proposal, if made final, would extend the Act's protection to this species.

DATES: Comments must be received by December 21, 1998. Public hearing requests must be received by November 6, 1998.

ADDRESSES: Comments, information, and questions should be submitted to the Chief, Office of Scientific Authority; Room 750, 4401 North Fairfax Drive; Arlington, Virginia 22203 (fax 703-358-2276). Comments and materials received will be available for public inspection, by appointment, from 8:00 a.m. to 4:00 p.m., Monday through Friday, at this address.

FOR FURTHER INFORMATION CONTACT: Dr. Susan S. Lieberman, Chief, Office of Scientific Authority, at the above address (phone 703-358-1708).

SUPPLEMENTARY INFORMATION:
